MINIMAL MEDITERRANEAN  
BARCELONA BRAND

# WE MAKE

## DESIGN

simple and quality items are our core and we do our best to design only useful products that we can produce with best and durable materials. The mediterranean is our inspiration and the minimal is our 'less'.

## DURABLE

we believe in sustainability and we care about the time you can use any of our products. we care about durability, because we want less, but better.

## LIMITED

## EDITION

we like basics, but we like change also. So, we do it in limited editions to let our mind fly to new designs and other stuff.

## FABRICS

we spent a big amount of time looking for fabrics and fair producers. We look for them around Europe, and sometimes we found them close to us, but sometimes we have to go very north. And we love them all.

## CREATING

create means a lot of people involved. Our providers are the best in their field of work. They are not the biggest, they are not the successful (sometimes), but we trust them because they care about our work and also about our customers. And we are so proud of it.

## SEWING

## ATELIER

because we do small, we need extra help to produce some of your items when we do wholesalers. No worries, we've got a very good sewing atelier to help us to produce in time your very big orders. So, we are glad to accept any order.

**SIMPLE LIFE. COMFORT  
LIVING. THINGS THAT  
MATTERS. CARE. TEXTURES.  
COLOR. NICE GATHERINGS.  
WELL MADE**

*The day we decided to produce a new collection, we decided another thing too. We always do simple, even if it's hard way, but that day we choose also 'well made'.*

*And that's not simple, trust me. But we started. So we do simple, comfortable and we do well\_*
